

## **SUARTS POLICY | UNIVERSITY ID CARDS**

### **This Union Notes:**

1. That the student ID cards should have the current University of the Arts and Students' Union logo on them.
2. The student ID cards should have an expiry date and should only be valid for your term of study.

### **This Union believes:**

1. That having the new Students' Union logo and website printed on the card would also encourage students to access the website.
2. That by giving the student ID cards expiry dates would stop unauthorised people or previous students from using university facilities.

### **This Union resolves:**

1. To lobby the university to communicate effectively, its strategy regarding the front of house and student access bearing in mind consistency of experience of students
2. To explore the possibility of using technology and improving the quality of ID cards
3. To lobby the university to introduce new updated Student ID cards by September 2006
4. To explore putting the expiry date on cards until the swipe is set-up

Date Passed May 2009 | Date Expires May 2012
